

SUMMER ACTIVITIES

Located on the beautiful pink granite coast of Côtes d'Armor on the north coast of Brittany in France, our club is a member of the French Canoe and Kayak Federation FFCK. Our fully qualified instructors/guides, experts in the local marine environment, will welcome you at either La Roche-Derrien, a national heritage town or Plougrescant, a seaside village at the far end of the Côte Sauvage (wild peninsula).

Make the most of your holidays by booking of our numerous nautical trips in a canoe, a kayak or on a stand-up paddle.

→ Sea kayaking: half-or full day guided excursions

Departing from the old custom officers' hut in Beg Ar Vilin, Plougrescant, choose a trip to include some of the following sights along the coast of the Trégor westwards - the island of Er archipelago, Le Gouffre, the islets of Port-Blanc in Penvénan or eastwards -the Sillon de Talbert, the Trieux estuary near the island of Bréhat or the castle of La Roche-Jagu on the way to Pontrieux...

Discover the marine environment (fauna, flora, geology...) and the varied shapes and colours that make up our breathtaking coastline, from the Côte des Ajoncs to the Côte de Granit Rose.

Our summer base, Jacques Droniou, is located opposite the public campsite in Beg ar Vilin, Plougrescant.

→ Estuary trips: excursions departing from either la Roche-Derrien, La Roche-Jaune or Tréguier. Guided by our instructors, you will paddle on the flat waters of the Jaudy and Guindy rivers estuaries and discover our local heritage including the Pont St-François, the Aqueduct over the Guindy, the old tidal mills, the small ports of Pont Rod and Boured.

→ River outings: canoe and kayak rentals on the flat waters of the river Jaudy, private lessons, weekly packages for children (multi-activities), stand up paddle (SUP) rentals.
